Pink Spectra: All American Pharmaceutical's 100% Whey Protein Concentrate
 Red Spectra: Whey Protein Concentrate spiked with L-Aspartic Acid

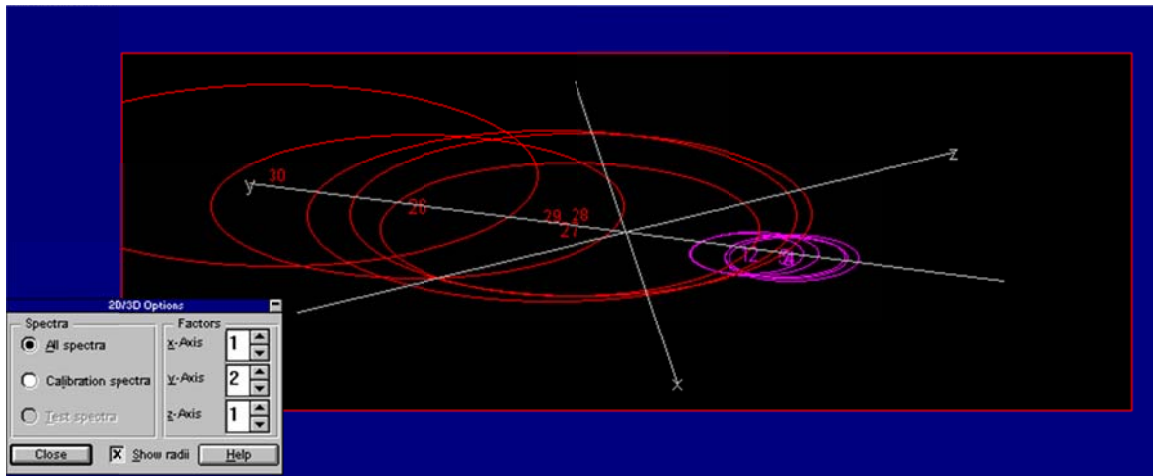

Pink Plots: All American Pharmaceutical's 100% Whey Protein Concentrate
 Red Plots: Whey Protein Concentrate spiked with L-Glutamic Acid

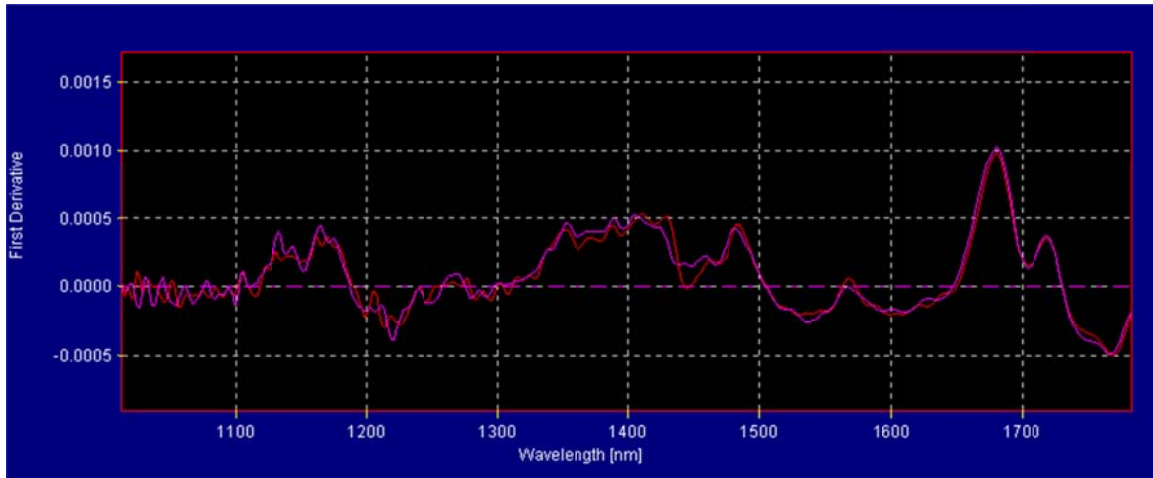

Pink Spectra: All American Pharmaceutical's 100% Whey Protein Concentrate
 Red Spectra: Whey Protein Concentrate spiked with L-Glutamic Acid

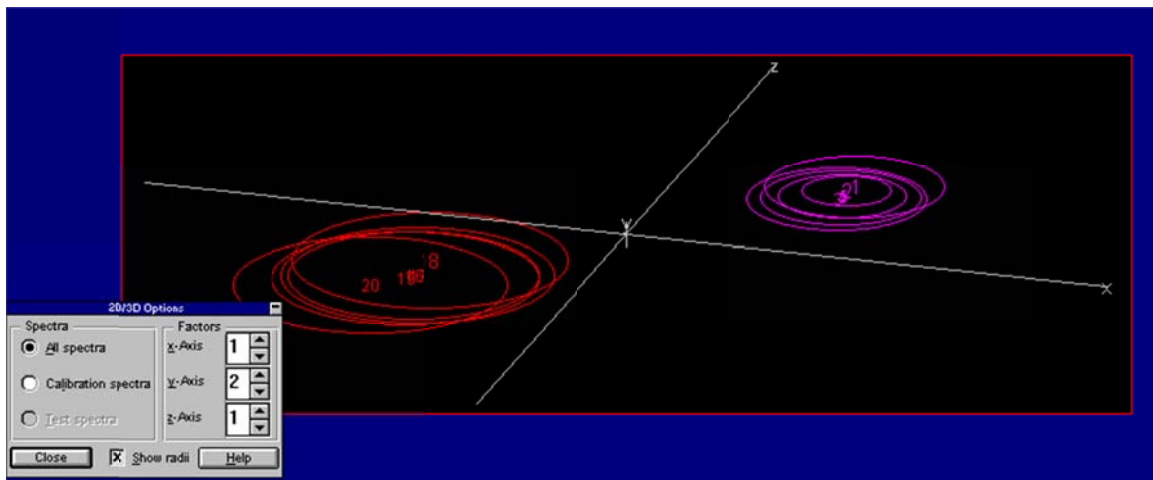

Pink Plots: All American Pharmaceutical's 100% Whey Protein Concentrate
 Red Plots: Whey Protein Concentrate spiked with L-Aspartic Acid
 Blue Plots: Whey Protein Concentrate spiked with L-Glycine

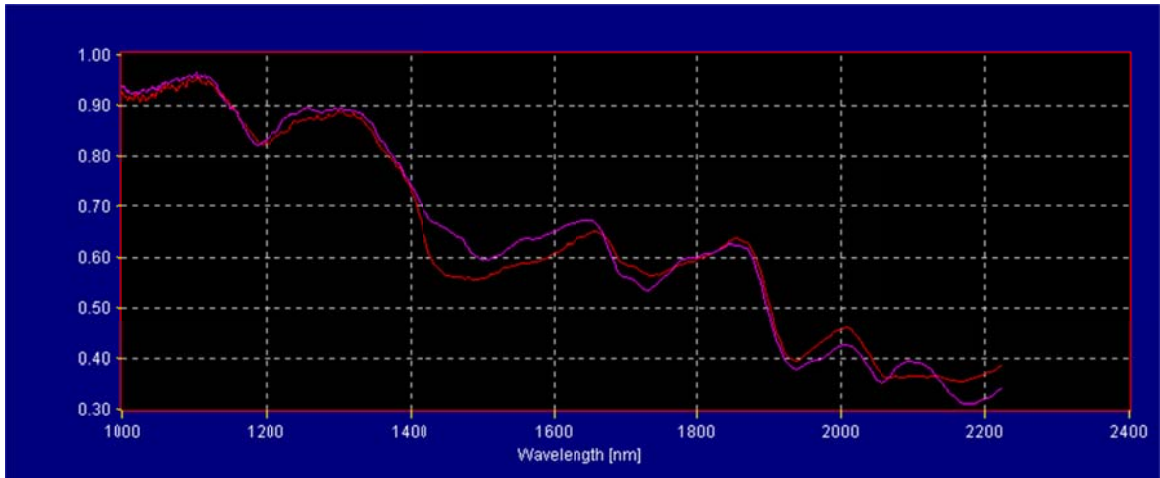

Pink Plots: All American Pharmaceutical's 100% Whey Protein Concentrate
 Red Plots: Whey Protein Concentrate cut with sucrose

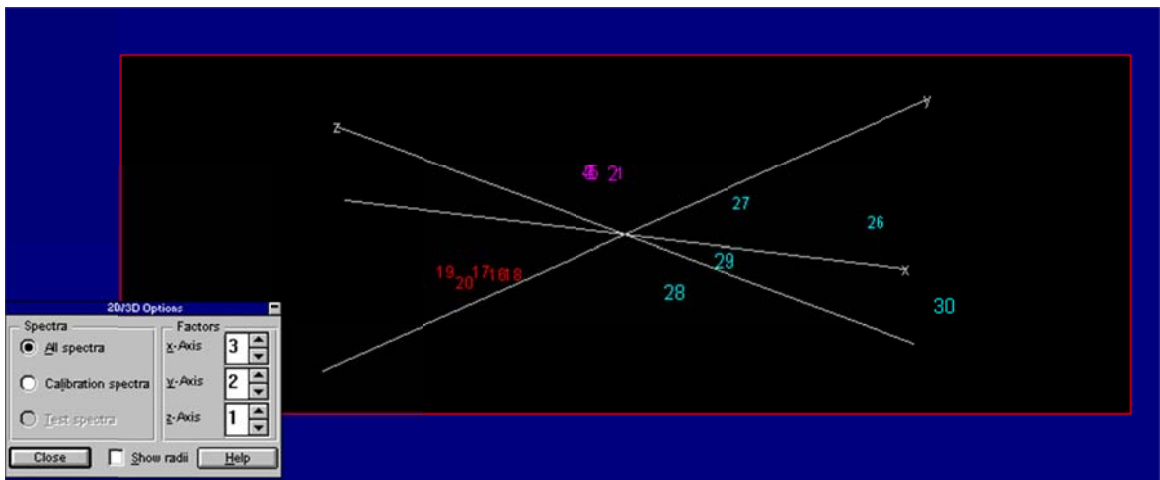

Pink Spectra: All American Pharmaceutical's 100% Whey Protein Concentrate
 Red Spectra: Whey Protein Concentrate cut with sucrose

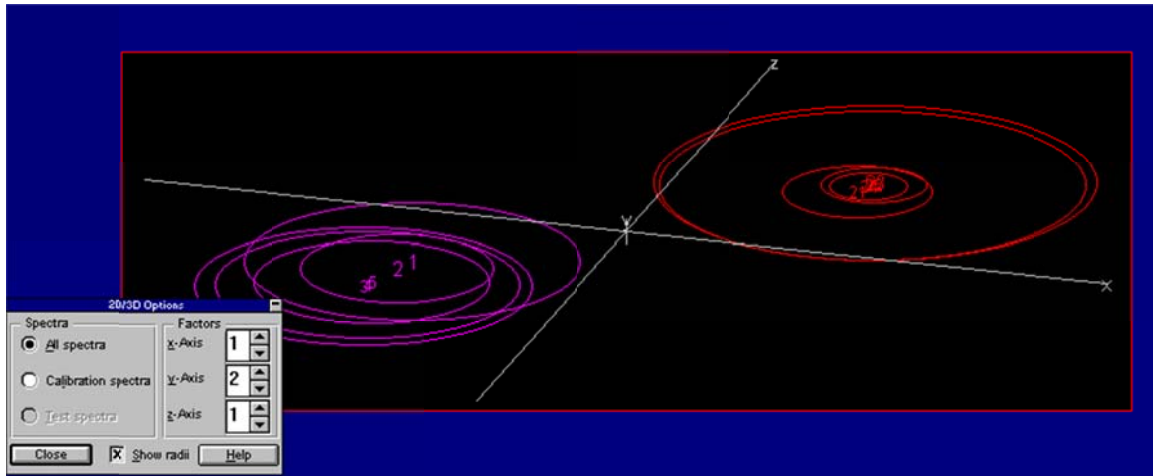

Pink Plots: All American Pharmaceutical's 100% Whey Protein Concentrate
 Red Plots: Whey Protein Concentrate cut with maltodextrin

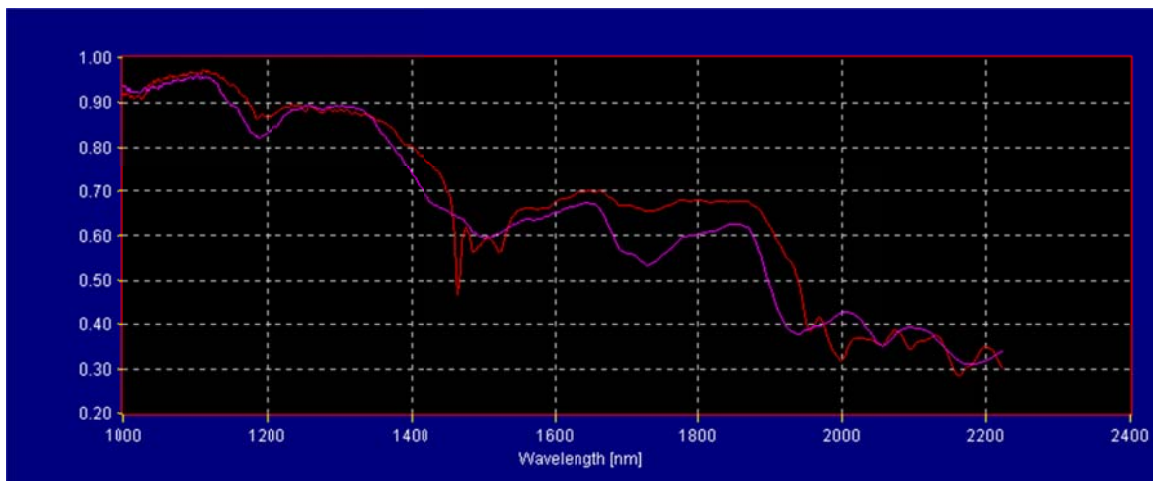

Pink Spectra: All American Pharmaceutical's 100% Whey Protein Concentrate
 Red Spectra: Whey Protein Concentrate cut with maltodextrin

Pink Plots: All American Pharmaceutical's 100% Whey Protein Concentrate
 Red Plots: Whey Protein Concentrate cut with maltodextrin
 Blue Plots: Whey Protein Concentrate cut with sucrose

Pink Plots: All American Pharmaceutical's 100% Whey Protein Concentrate
 Red Plots: Whey Protein Concentrate spiked with melamine

Pink Spectra: All American Pharmaceutical's 100% Whey Protein Concentrate
 Red Spectra: Whey Protein Concentrate spiked with melamine

Conclusion:

With All American Pharmaceutical's sophisticated laboratory testing, you can be 100% guaranteed any protein we produce will be pure, unadulterated and meet or exceed label claims.
